Does It Pay to Buy Cheap? A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the most dangerous results of throat and lung troubles. What shall you do? Go to a warmer and more regular climate? Yes, if possible; if not possible for you, then in either case take the ONLY remedy that has been introduced in all civilized countries with success in severe throat and lung troubles, "Boschee's German Syrup." It not only heals and stimulates the tissues to destroy the germ disease, but allays inflammation, causes easy expectoration, gives a good night's rest, and cures the patient. Try ONE bottle. Recommended many years by all druggists in the world. For sale by Palace Drug Co.

In the legislative district of Gray and Haskell counties, the fusion of Pops and Democrats nominated O. D. Lemert, an Independent Republican, as the candidate for the Legislature. Mr. Lemert is a resident of Cimarron, and is known to many Dodge City people.

A black snake whip in the hands of an irate woman and the retreating form of a Guinea nigger was a play on the boards last Saturday. Ben Hodges, reported owner of a Texas cyclone, had spoken lightly of a colored lady who sought to chastise the possessor of variegated blood. The way Ben wobbled on his limber legs, his heels striking his back, was a wonder.

M. W. Sutton returned Saturday from Thompsons county, N. Y., his birthplace and old home. He found an abundance of fruit and good crops and general prosperity. President McKinley will carry New York, says Mr. Sutton, by a very large majority. Politics is all one way, he says, and it is conceded that McKinley will be elected by a larger majority than four years ago. All the talk is for McKinley in the east and the people are being awakened to a lively interest in the campaign.

The gifted and genial Dr. L. H. Murlin, president of Baker University, gave it a great start. His visit was a blessing and benediction to the town. He warmed the old town as it seldom has been warmed. His Sunday morning sermon, his Sunday evening address, his Monday morning talk to the High School, and his lecture Monday evening, were all rich in matter and radiant in manner. It was indeed a feast of reason and flow of soul. Dr. Murlin captivated and captured Marion. The largest audience we ever saw at a lecture in Marion listened with delight to him Monday evening. Baker University stock is away up above par in Marion as a result of its big hearted, big brained president's visit here. The trustees ought to keep him in the field most of the time.—Marion Record.

Dr. Murlin will lecture in the M. E. Church, Oct. 2, at 8 p. m. His subject will be "Nails that tear my coat." The Epworth League has charge of this lecture.

## HOW TO MAKE GOOD

### Lecture To-night.

B. R. Baumgardt, Secretary of the Southern California Academy of Sciences, will deliver a popular Astronomical lecture entitled "An Evening with the Stars," in the opera house to-night. S. E. Basser, Superintendent of the Santa Fe Reading rooms, will be present and conduct the meeting. At the close there will be a social reunion. The lecture will be an intellectual treat. Railroad men and their families and their friends are invited.

Beeson's Orchestra will furnish music for the occasion.

### Where He Studied Law.

Before coming to Kansas, L. G. Grobety, Republican candidate for County Attorney, studied law in the office of Theo. S. White, Cardington, Ohio. Previous to this Mr. Grobety taught school in the public schools of Cardington. It was his intention to equip himself for the practice of the law, but coming to Kansas, and finding other business profitable, Mr. Grobety engaged in another occupation. He is familiar with the Kansas practice in the courts, and should be elected county attorney he will be able to follow the duties of the office with success and ability. He was two years District Clerk and knows the duties of that office. Mr. Grobety has some fine recommendations from his preceptor and other friends in Ohio.

### As A Pedestrian.

M. W. Sutton understood that R. W. Evans, Republican candidate for the Legislature, was in poor health, and his recent trip to Chicago and other points was for the benefit of his health. Mike says he and Dick had occasion to use the sidewalks while in Chicago, owing to the crowded condition of the street cars. He found that Dick was quite a pedestrian, as he (Mike) was obliged several times to sit down and rest. He also found that Evans had a good appetite, and during his trip he gained twelve pounds. This is to say that if Evans is obliged to make the canvass on foot in the county in the coming election he will be equal to the occasion. But it is safe to say that Sutton will not join in this foot expedition, should it be necessary. It is suggested that Mr. Evans being so good on foot is likely to make the race for the Legislature by a considerable distance ahead.

Dr. C. C. Sterrett left this afternoon for Dodge where he will practice dentistry. Mr. Sterrett has formed many acquaintances during his stay in this city who regret his departure but wish him success in his new field.—Newton Kansan.

Those who turned out to the bicycle race at the old track Monday evening witnessed the best race ever seen here. At 7 o'clock the riders lined up as follows: (Scratch) R. M. Rath, Geo. W. Wells and H. L. Carey; (25 yards) Tobe Anthony; (50 yards) Hartly Goodrich and C. D. Bush; (65 yards) Charley Milton. The riders got away well, Milton immediately setting a hard pace which kept the back markers pedaling. Anthony jumped and caught Goodrich and Bush taking their pace till Rath and Wells came up when he shifted to Bob's hind wheel and by a fine sprint passed him and crossed the tape, a winner. Rath second and Wells a close third. No accurate count was made of Rath's time but experts put it under the 2:30 mark. A neat sum was realized from the affair. Mrs. Carlock desires to express her thanks to the cycling fraternity and the public in general for their assistance. Another series of races are being arranged for at 4 o'clock, October 2nd, of which notice will be given later.

### Stood Death On.

E. B. Munday, a lawyer of Henrietta, Texas, once fooled a grave-digger. He says: "My brother was very low with malaria fever and jaundice. I persuaded him to try Electric Bitters, and he was soon much better, but continued their use until he was wholly cured. I am sure Electric Bitters saved his life." This remedy expels malaria, kills disease germs and purifies the blood; aids digestion, regulates liver, kidneys and bowels, cures constipation, dyspepsia, nervous diseases, kidney troubles, female complaints; gives perfect health. Only 50c at W. F. Pine's.

The Jetmore Herald gives a reminder as follows: Don't forget your bill at the newspaper office, when you are hauling in your grain and fixing up your little accounts. The bill you owe here is just as important as the one you owe at the grocery store, and you ought to think just as much about paying it.

Somebody says: About once a week every editor in Oklahoma is approached by some citizen who wants him to roast some other citizen. The way most editors scare the first fellow off is to tell him to write the roast himself and sign his name to it. When asked to do this the average troubleseeking citizen will retreat like the Chinese army.
